

Environment Class Test-4

1. Consider the following statements and select the correct code:
 1. Paris summit has set the objective of temperature enhancement of the earth by 2 degree centigrade by the end of this century.
 2. Carbon Budget has been clearly mentioned in the declaration.
 3. Equatization of carbon emissions by all countries should be attained by the end of this century.
 Code:
 - (a) 1, 2 and 3 (b) 2 and 3
 - (c) 2 Only (d) None of the above
2. What fraction of carbon budget has been utilized by the world till the Paris Delaration?
 - (a) $3/4^{\text{th}}$ (b) $1/4^{\text{th}}$
 - (c) $2/3^{\text{rd}}$ (d) $1/2$
3. Which one of the following statements is incorrect.
 - (a) Under the REDD⁺ initiative incentives would be provided to local communities in developing countries.
 - (b) Bio Carbon initiative stands for smart town planning.
 - (c) Donor nations can contribute in REDD⁺ fund.
 - (d) The Forest cover of India neutralises half of its Green House gas emissions.
4. Consider the following statements and select the correct code:
 1. Absorption of excess amount of CO₂ by oceans is the sole reason for oceanic acidification.
 2. Carbonate present in oceans in abundance naturally is used to make the skeletal system of marine organisms.
 3. Corals are vertebrates belonging to the class of Anthrozoa.
 Code:
 - (a) 1, 2 and 3 (b) 1 and 2
 - (c) Only 1 (d) Only 2
5. Which of the following is not an adverse impact of Global Warming-
 1. Jelly Fish Bloom
 2. Algal Bloom
 3. CO₂ Fertilization effect
 4. Oceanic Acidification
 Code:
 - (a) 1, 2, 3 and 4 (b) 2 and 3
 - (c) 1 and 4 (d) 1, 2 and 3
6. The reason for formation of dead water zones include-
 - (a) Sediment Deposition.
 - (b) Contamination of water bodies.
 - (c) They are naturally made due to decomposition done by saprophytic bacteria.
 - (d) All of the above
7. Consider the following statements and select the correct code-
 1. Interlinking of rivers project has three main components.
 2. Himalayan River component and Peninsular River component would be joined near Godavari.
 Code:
 - (a) Only 1 is correct
 - (b) Only 2 is correct
 - (c) Both 1 and 2 are correct
 - (d) Neither 1 and 2 are correct
8. The framework of INDC (Intended Nationally Determined Contributions) was prepared at which of the following conventions
 - (a) Paris Convention
 - (b) Warsaw Convention
 - (c) Copenhagen Convention
 - (d) Earth summit.
9. Consider the following statements and select the correct code:
 1. India recently issued a notification making Methyl Bromide (MBR) fumigation mandatory for all agr produce imported into the country.
 2. Montreal Protocol had set separate deadlines for phasing out ozone depleting Methyl Bromide from Developing and Developed Nations.
 3. Montreal Protocol called MBR a class I ozone depleting substance.
 Code:

- | | |
|--|---|
| <p>(a) 1, 2 and 3
(b) 2 and 3
(c) Only 3
(d) None of the above</p> <p>10. On July 15, 2017 the Indian Railways launched India's first Solar powered train. Between which of the following stations the train would be travelling?</p> <p>(a) Sarai Rohilla and Garhi Harsaru
(b) Old Delhi Railway Station and Charkhi Dadri
(c) Howrah and Burdwan
(d) Jaipur and Dausa</p> <p>11. Consider the following statements related to Red Sanders and select the correct code-</p> <p>1. It is an endangered species of fauna protected under the Convention on International Trade in Endangered species of Flora and Fauna.</p> | <p>2. Red Sanders is in huge demand in the markets of East Asia where it is used in traditional medicines.
3. Red Sanders in India is found mainly in Seshachalam hill ranges.</p> <p>Code:</p> <p>(a) 1, 2 and 3
(b) 2, 3
(c) only 3
(d) Only 1</p> <p>12. According to a study conducted by the National Tiger Conservation Authority (NTCA) and the Wildlife Institute India (WII), Dehradun which among the following was the biggest cause of tiger deaths in India between 2011 and 2016?</p> <p>(a) Poaching
(b) Inbreeding
(c) Increasing temperature of the earth
(d) Use of Radio Collars</p> |
