Essential Commodities

Why in News?

As the Union government announced massive reforms as part of the novel disease (COVID-19) relief package, attention went to three agriculture sector ordinances related to farmers' trade, contract farming and amendments in the Essential Commodities Act.

The Essential Commodities Act, 1955 was enacted at a time when the country faced an acute shortage of several commodities, especially food items.

Under the act, an 'essential commodity' is a commodity specified under the schedule of the Act. The Union government is empowered to amend the schedule to add or remove a commodity to said schedule in public interest and in consultation with state governments.

The schedule was amended recently due to the outbreak of COVID.

Connectedness to the Syllabus

Essay: UPSC may ask candidates to write an essay on the availability of Essential Commodities as the fundamental right, things fall under the ambit of Essential Commodities and the issues related to it.

General Studies I: Role of women and women's organization, population and associated issues, poverty and developmental issues, urbanization, their problems and their remedies; Effects of globalization on Indian society.

General Studies II: Functions and responsibilities of the Union and the States, devolution of powers and finances up to local levels and challenges therein; Government policies and interventions for development in various sectors and issues arising out of their design and implementation; Important aspects of governance, transparency and accountability.

Historic Amendment to Essential Commodities Act

Visionary step towards transformation of agriculture and raising farmers' income

India has achieved near self-sufficiency in many essential food items

However, farmers have been unable to realize better prices due to lack of investment in cold storage, processing and export

Entrepreneurial spirit dampened due to stringent provisions of Essential Commodities Act

Farmers suffer huge losses when there are bumper harvests of perishable commodities

With adequate processing facilities, much of this wastage can be reduced

- ▶ Nepal has two tri-junctions with India and China
- ▶ The one in dispute now is Lipulekh in Kalapani, at the border of Uttarakhand with Nepal
- ▶ In 1816, the Sugauli Treaty signed by Nepal and British India identified Kali river as Nepal's boundary with India
- ▶ Nepal claims the river to Kalapani's west is the main Kali, and thus Nepal has territorial rights to it
- ▶ India holds that a ridgeline to Kalapani's east is the border, thus Kalapani falls within its territory
